Student _____ Study Program _____

Advisor (or evaluator, if different from advisor) _____

Students may satisfy our requirements for the M.A. through graduate work completed elsewhere – either by having an outside M.A. accepted, perhaps with additional work, or by using some portion of their prior work to satisfy our requirements for a UW-Madison M.A. (In any case, they must still complete 32 credits of coursework at UW-Madison in order to be eligible to receive the Ph.D.)

After reviewing the student's complete file (including thesis, if available), check one box to indicate the extent to which this student's prior graduate work satisfies your program's requirements for the M.A. Describe additional work or partial credit in the space provided. Program requirements are summarized on the reverse.
