Marketing Representative—The Rice Company

Microsoft Windows Campus Reps are expected to work approximately 11 hours each week for 40 weeks during the academic year and some summer weeks. Each week we expect that about 8 hours will be spent performing hands on trials with their peers on campus and the remaining 3 will be spent interacting with other program members on our website and reporting data to us. This is a paid internship with a weekly stipend, many bonus opportunities, and students who meet the program goals get to keep the premium, full loaded PC we'll send them after being accepted into our program.

Responsibilities:

Each week the Student Rep will be required to conduct 40 hands on trials of Windows 7 and other Microsoft products to other students on campus using the fully loaded computer we provide completely free! We will also train them via web seminar and provide them with a Windows Marketing Kit that contains everything they will need to conduct trials on campus. They will use their social networks to engage others on Windows features and let their friends know how they can take a trial! Students will report to The Rice Company several times weekly and have a visit from a regional manager once a semester.

**District of Columbia Public Schools
Urban Education Leaders Internship Program**

The Chancellor's Urban Education Leaders Internship Program (UELIP) is an intensive multi-disciplinary, academic internship program that runs semester-long throughout the year. The DCPS Office of the Chancellor accepts Associates yearlong, with open application periods held at the beginning of the fall and spring semesters and the summer months. This program is designed for leaders who are near completion of their undergraduate or graduate/professional degrees by the start of the program.

Associates conduct research and work on education policy projects under the direction of key leaders of the chancellor's team. Associates are charged with the responsibility of creating innovative and outside-the-box solutions to systemic urban education challenges. Ultimately, the goal of the program is to expose associates to current critical educational reform issues, introduce them to exciting issues around managing an urban school system, and provide networking opportunities with education leaders and agency heads in local government.

Stephen Ministries Stephen Ministries Internship

A Stephen Ministries Internship provides a great learning opportunity—particularly for those interested in exploring a career with Stephen Ministries, a successful Christian business that has been practicing and teaching leadership and management for more than 30 years. Interns learn through study, discussion, and guidance from experienced leaders. They often have the opportunity to focus in on one or more of the following areas: organizational management, conference operations, market research, human resources, customer service, writing, and project management. Stephen Ministries places a major emphasis on developing new leaders, and our interns benefit from similar training, mentoring, and experience as do others here.
