The Wolves and Moose of Isle Royal College Internships

We are seeking volunteers to assist with data collection for the 2010 summer field season. This is a great opportunity to gain valuable field experience while working in the remote and beautiful Isle Royale. Duration: approximately a four week period between early-May and mid-June. Work Environment: Work is conducted on-trail and off-trail throughout Isle Royale. This is a physically demanding position; the climate, insects (mosquitoes and black flies), and terrain are often uncomfortable. Volunteers may be required to carry up to 60 lbs. for varying distances (up to 10 miles per day) over trail and cross-country conditions. The primary mode of living is backpacking. Most travel is by foot.

Compensation: Paid

When: Summer/Semester 2010

Where: Isle Royale, MI

Who: Anyone interested

Deadline: March 1, 2010

Location of Job Description: L&S Career Services BuckyNet

Western Organization of Resource Councils (WORC)

Internship Opportunity

The internship will provide an excellent opportunity to be involved in national policy within the context of a rural, community-focused organization. It will be an opportunity to learn about community organizing, advocacy, and research. Our current priorities are our *Campaign for Clean Energy and Responsible Development*, which seeks responsible development in the oil and gas, coal, and uranium industries, and promotes the sustainable production and use of renewable energy; and our *Farm to Market Sustainability Project*, which seeks safe food policies, economic justice in agricultural markets, promotes local food policies, and opposes animal factories. The intern will support WORC's program activities. The primary focus will be researching and writing on energy, clean energy, and local foods. Other responsibilities will include writing and editing fact sheets, action alerts and assisting with other publications and work as necessary.

Compensation: Paid

When: Summer 2010

Where: Billings Montana

Who: Anyone Interested

Tradepal.com Social Media Marketing Internship

Tradepal is an innovative web platform that would allow users to buy, sell and trade with friends! How compelling would that be for every college student in America to be able to acquire virtually anything by just using their unused items as a currency? What's more? It's fun, you get to interact with your friends and help save the environment all in one. We call it the ultimate socially responsible shopping experience! We want you to be part of our startup team. You would help us design and create marketing campaigns to promote the launch of Tradepal.com in your College. You will help design and implement strategies to increase Tradepal's online presence, drive user acquisition, ensure new user satisfaction, and gather their recommendations and criticisms. At the completion of this internship, you will walk away with a strong experience in developing grass-root marketing and community building for an e-commerce startup. Who knows, you might like it so much that you might even end up joining us upon completing graduation!

Ecolab, Inc.

Account Manager in Training Internship—Food and Beverage Division

Cleaning and sanitation must begin at the start of the food chain, long before dishes reach the table. To address that need, the Food & Beverage Division of Ecolab is the leading provider of critical environment sanitation products, systems, programs, and expertise for the dairy, food and beverage processing, and pharmaceutical markets. By meeting high standards of sanitation and service, Ecolab has gained an increasing amount of business from major corporate and regional customers throughout the world. This is where you come in. The Food & Beverage Internship Program is an excellent way to explore the world of opportunities available at Ecolab. Ecolab interns gain valuable hands-on experience in the meat and poultry industry by learning the various components involved in servicing Ecolab customers. Interns will work closely with existing Account Managers in customer plant environments, focusing on food safety and food quality through the use of effective, efficient sanitation products and processes. In addition to learning the daily responsibilities of an Ecolab Account Manager, interns will have the opportunity to work on a special project throughout the summer.

El Pomar Foundation

El Pomar Foundation Internship Program

El Pomar's Internship is a unique summer program that provides undergraduate degree-seeking students an introduction to the nonprofit sector and an opportunity to develop professional interests and skills. Interns serve an important role by providing administrative support for the Foundation's departments, including grants administration, community stewardship programs, and investments, among others. A professional development series provides additional training in a variety of areas, including grant-making, business writing, public speaking, and finance. While each Intern has a distinct learning experience, all receive support and guidance to develop professionally. Based in Colorado Springs, El Pomar Foundation is one of the largest and oldest private foundations in the Rocky Mountain West with assets totaling \$460 million. The Internship is among the many unique ways that El Pomar fulfills its mission to enhance, encourage, and promote the current and future well being of the people of Colorado.

Pacific Economics Group Intern

Pacific Economics Group Research, LLC (PEG Research) offers a wide array of economic and management consulting services. Areas of expertise include economic analysis, statistical research, finance, and expert witness testimony. Our economics training and broad foundation of knowledge permit us to retool and address emerging issues quickly and effectively. Our strengths include services, such as benchmarking and price control regulation, that play a central role in overseas regulation. This has given our practice a significant international orientation. We have undertaken projects in more than a dozen countries around the world and are particularly active in Australia and Canada. For background information on PEG Research please visit our website at www.pacificeconomicsgroup.com. PEG Research is looking for one or two part-time interns (approximately 10-20 hours/week during the school year) to perform wide variety tasks, including research of legal precedents and help in the gathering, processing, and presentation of data. The position would potentially become a full time internship in the summer.
