Paint Rock Canyon Enterprises Farm/Ranch Intern

The Paint Rock Canyon Enterprises Internship program started in 2000 to provide an opportunity for students to learn and explore non-traditional approaches to production agriculture. The foundation of our internship is to provide an opportunity for hands-on experience and previous experience in agriculture is not necessary. We have a commercial cow/calf herd of 1000 head that calve and graze on our irrigated pastures as well as our BLM and Forest Service leases. The farming enterprise produces hay and irrigates the pastures. The feedlot enterprise is mainly used to background our weaned calves. We are looking for ambitious, hardworking people who are excited about change and who are willing to invest a semester or two towards a learning experience that will compliment and build on their present knowledge. We need open-minded people who are passionate about working with others to find better solutions to agriculture questions. Students will benefit from this experience by expanding and building their paradigms.

Cargill Trading Assistant Intern

This position will provide students with the opportunity to assist the Cargill Risk Management Trading Manager and US team in daily activities. Internship will be focused on assisting the team with trade entry, position reporting, hedging and overall sales staff support. Students can expect to learn to quote prices in commodity markets, develop an understanding of risk management products and provide support to traders and marketers.

Summary:

- Individual goals are set for each intern at the beginning of their internship in each of the following areas: Daily responsibilities, project work, cross-functional experience and exposure to the “big picture” of Cargill.

- Interns are given the opportunity to apply their skills and gain an understanding of the Cargill organization. An intern’s responsibilities are similar to that of an entry-level trader. They are designed to add value to our organization.

Environment:

- Internships are at least 12 weeks in duration. A monthly salary is paid, as well as the cost of your transportation at the beginning of your internship(if necessary).

- Assuming excellent internship job performance and job availability, interns have potential to be hired as prospective full-time employees following graduation

- Team oriented, fast-paced, and hands-on.

Best Shot Foundation Regional Tournament Organizer Internship

The Best Shot Foundation was founded in 2009 to fight pneumonia, the leading cause of death of children under five. Every year, pneumonia kills two million children, more than HIV, malaria, and measles combined. The Best Shot Foundation is dedicated to raising public awareness, generating charitable funds, and building the political will necessary to fight this preventable, treatable disease.

The Best Shot Foundation is organizing a national college dodge ball tournament to raise funds and increase awareness, in coordination with World Pneumonia Day on November 2. The 'Pnock Out Pneumonia' Games will involve dozens of campuses, hundreds of teams, and a highly publicized national championship in Las Vegas, Nevada. Description of the Position: Regional Tournament Organizers will receive hands-on experience in event planning, marketing, fundraising, and advocacy. His/her primary role will be to organize a local dodge ball tournament and support participating teams as they raise funds for the fight against childhood pneumonia. Successful candidates will be highly motivated, enthusiastic, and reliable, with a passion for humanitarian causes. The Regional Tournament Organizer position will provide significant and practical experience for those planning to enter the not-for-profit, marketing or event-planning fields after graduation.
