COURSE MEETINGS AND REQUIREMENTS:

We require all students to attend two lectures (75 minute) and one (50 minute) discussion section each week. We will take attendance at the discussion section meetings. All examinations will be in essay format. There will be a mid-term (scheduled for October 21st), and a final examination, scheduled (by the College) for December 16th.

Writing Assignment:

All students enrolled in the course will write one short (3-5 pages) essay in response to one of ten topic sentences to be handed out in class. Readings for the essay may include portions of the assigned readings for the course, but also will include additional reading on the topic. We will aid and guide you in selection of bibliography.

Readings:

We will give the specific order of reading assignments in discussion sections.

Grading Policies:

We will evaluate your work in the course based upon the essay examinations, the writing assignment, and attendance at and participation in the required discussion sections. Improvement in performance over the semester will always result in a higher grade: in cases where a final grade hovers between two possibilities, the student whose work has shown improvement will receive the higher of the two possibilities.
