J. Work in progress:

Books:

Collapsing Realities: the world of slavery in Petronius' *Cena Trimalchionis*.

The project is almost completed. I need to write two more chapters on manumission. Some of the problems of interpretation of key passages in Petronius' text, such as the capped boar, need to be solved before I can finish these chapters. Cambridge University Press has sent out two sample chapters for review to readers and upon receiving the reports has declared a serious interest in the manuscript.

Theatre of Status: the social world of Petronius' *Cena Trimalchionis*.

This project is an extension of the previous one. In this work the focus will be on freedman identity in the *Cena Trimalchionis*.

Articles:

Reconfiguring the Art of the *Aretalogus*.
Seating and Standing at Trimalchio's Banquet.

Lexicon Entries: "Research on slavery in the Ancient World undertaken in the Netherlands"; "William L. Westermann"; "Justus Lipsius". All three entries are to be published in the *Handwörterbuch der antiken Sklaverei*, a project initiated and published by the Mainz Academy and directed by Prof. Heinz Heinen of the University of Trier.
