EUROPE BETWEEN THE WARS, 1919-1939

COURSE DESCRIPTION

This is an advanced level survey of European history between the wars. It will stress the most distinctive new developments of the period, particularly those resulting from World War I and leading to World War II. Considerable attention will be given to the development of the Soviet system, but the major emphasis will be on the rise of fascism and nazism, which will be studied in the broader European context. There will also be extended examination of the Spanish Republic and Civil War. The course will close with a discussion of the concept of an "era of fascism" and the immediate background of World War II.

LECTURES

There will be three lectures each week, punctuated and/or followed by questions and brief discussion. In addition, there will be a fourth discussion period at times to be announced.

WRITTEN ASSIGNMENTS AND EXAMINATIONS

There will be three hours of written examinations, a one-hour six weeks exam and a two-hour final. All students must submit a five-page essay evaluating one of the volumes of required reading (or some other scholarly book related to the course and approved by the instructor or teaching assistant) no later than April 15.

In addition, all students registered for four credits must also prepare a full-length research paper or an extended essay on further reading (15 pages or more in length), the nature and topic of which must be defined through individual consultation with the instructor or teaching assistant no later than February 29.
