

## **THREE AMERICAN WARS**

**Prof. John Cooper (jmcooper@wisc.edu)**

It's the Three American Wars of the Twentieth Century---World Wars I and II and Vietnam. It covers military, diplomatic, and home front history of the three wars, as well as their aftermaths and effects on the next wars. Students are expected to lead discussions and to do a research paper involving primary sources. The topics for the papers are their choice, to be worked out in consultation with me.
