

Undergraduate Thesis Consent Form

The History Department is archiving electronic copies of Senior Theses on the Minds@UW repository that is maintained by the UW Library (for more information see <http://minds.wisconsin.edu>) Our primary objective is to make your thesis available to future generations of UW students who are embarking on a Senior Thesis project. Depending on the option you choose below your thesis will be a) accessible only to current UW-Madison faculty, staff and students or b) will be available on the Web and indexed by search engines (Google, Google Scholar). You are also free to choose **not** to put your thesis in the Minds@UW repository. Placing your thesis in the repository is not a requirement of the Senior thesis Colloquium nor of your Senior thesis project – the choice is entirely yours. Please check the appropriate boxes below and return to Amy Phillips.
