Degree Program or Field of Study: \_\_\_\_\_

Students may satisfy our requirements for the M.A. through graduate work completed elsewhere. **Either** by having an outside M.A. accepted (with varying degrees of requested additional work), **or** by using some portion of their prior work to satisfy the requirements for earning a UW-Madison M.A. (In any case, students must still complete 32 credits of coursework at UW-Madison in order to be eligible to receive the Ph.D.) After reviewing a student's thesis and transcripts check **one or more** of the boxes to indicate the extent to which this student's prior graduate work satisfies the field of study's requirements for the M.A. and/or the minor.

### Acceptance of an Outside M.A.

- A. The student's prior graduate work **meets all requirements** for the Master's degree in their field. They may proceed to preparing for the preliminary examination.

Name of Prior Institution: \_\_\_\_\_

- B. The student's prior graduate work meets **none of the requirements** for the Master's degree in their field. They must meet all of the field's requirements as described in the Graduate Program Handbook.

### Acceptance of Prior Graduate Coursework

- A **portion** of the student's prior graduate coursework **may be used to satisfy requirements for the minor and/or a UW-Madison M.A. in History/HSMT** (the student must still complete 16 credits in residence at UW-Madison). **Describe the requirements** that the student has completed via prior graduate work:
