Evaluation

Students may satisfy the requirements for the MA through graduate work completed at another university, either by having an outside MA approved or by using prior courses to partially satisfy the requirements for earning the MA. Before completing this form, students should review the Graduate School [policy](#) related to prior coursework.

After reviewing a student's MA thesis and transcripts, check one or more of the boxes to indicate the extent to which this student's prior graduate work satisfies the field of study's requirements for the MA and/or the doctoral minor.

- ☐ **Approval of prior MA** The student's prior graduate work meets all requirements for the MA in their field of study. They may begin preparing for the preliminary examination.
